

PLEASE DO NOT CHANGE OR LESSEN INDIANA'S TELEPHONE PRIVACY LAW.

Please take into consideration the overwhelming number of households in Indiana that have signed up for the "Do Not Call" list to prevent the numerous unwanted and annoying telemarketing calls. Our quality time in the evenings - especially during meal preparation and eating - has been vastly improved since implementation of this law. Those of us who signed up for this protection did so voluntarily because that is what we want - please don't take this away from us. Why should telemarketers' wishes get higher priority than private individuals? If you lessen Indiana's law you are sending the message that the telemarketers' desires have higher priority. Who do you support? Thank you for your consideration regarding this matter.
